### Non-Contact Infrared Forehead Thermometer

Contactless measurement for peace of mind

- Non-contact, FDA-approved Infrared thermometer
  - Fast, reliable temperature readings taken on the forehead or in ear
  - Designed for all ages
  - Measures from 89.6-108°F (temperatures can be set to display in Celsius or Fahrenheit)
  - Measures temperature from distances of 0.8"-3" away
  - Records up to 32 sets of readings to track body temperature changes
  - Featuring high-accuracy sensor probe and the latest in chip technology
  - Large backlit LCD readout
  - Press the measure button for one-second results
  - Power-save provides automatic turn-off in 30-40 seconds
  - Uses two AAA batteries (not included)
- 1-year warranty. Ships from manufacturer.

### UV Tech Tub

Have a minute? That's all it takes to disinfect

- Cleaning devices is as important as charging them
- Takes one minute to kill 99.9% of common viruses and bacteria
- Fully enclosed disinfection chamber (no UVC exposure to user)
- Disinfects tablets, Chromebooks, and other devices
- Chromebooks can be disinfected while open, cleaning the outside, keyboard, and screen simultaneously
- Large chamber also fits VR headsets, headphones, robotics, and other classroom items
- The UV bulbs turn on only when the door is closed securely and start button is pushed
- UVC filtering window (to ensure bulbs are working); lights on the door also indicate UVC disinfection status
- UVC bulbs have shatterproof sleeves to prevent glass and gases from escaping if a bulb is broken
- Bulbs emit UVC radiation at a wavelength of 245nm, which is proven to be effective at eliminating bacteria, viruses, and fungi
- Bulbs are arranged to provide complete 360° of irradiance; highly reflective polished aluminum chamber maximizes effectiveness
- Bulbs are easy to replace (set of four sold separately below) and are rated for 11,000 hours
- UL certification

1-year warranty on Bulbs and Electrical Components. Assembled. Ships from manufacturer.

### Portable True HEPA Air Purifier

Dual filters prevent spread of airborne viruses

- Removes 99.97% of airborne contaminants in one pass with dual filters
  - Reduces the spread of indoor airborne viruses; removes dust, pollen, mold, bacteria, and more from the air
  - Helps circulate the air of a normal classroom (750 sq. ft with 8' ceilings) 5.2 times per hour
  - Indicator light for filter replacement; timer
  - Quiet operation; safe and easy-to use with child safety lock and multiple fan speeds
  - ETL listed to UL507 standard
  - Easy filter replacement when needed
  - Filters (#10734001): Two replacement filters per pack; filter life is 1600 hours (approximately one year of use in school setting); captures 2 1/2 mm particles at a rate of more than 99.9%; can easily be cleaned by hand
- 1-year warranty on Air Purifier. Assembled. Ships from manufacturer.

## AeraMax® Air Purifiers

Free shipping on all AeraMax® products

- Surface cleaning is only surface deep; AeraMax Pro Air purifiers clean the air—quietly and efficiently
- Protect against bacteria, viruses, dust, and allergens, in addition to harsh chemicals and odors
- Four-stage purification removes up to 99.9% of airborne contaminants down to 0.3 microns
- **Regarding COVID-19:**
  - Researchers have found coronavirus can be detected in the air up to three hours after emission, making air purification vital
  - AeraMax Pro Air purifiers can effectively and efficiently build on hand and surface cleaning routines
  - Certified to be effective in reducing airborne concentrations of influenza A (H1N1) aerosol in a test chamber, reaching 99.9% airborne virus reduction within the first 35 minutes of operation
  - Can capture more than 97.8% of pollutants at 0.1-0.15 microns (The average COVID 19 virus particle size is estimated at 0.125 microns)
- AeraSmart™ Sensor monitors air quality and automatically adjusts fan speed to keep your air purified
- Blue, amber, and red lights indicate the purity of your air; Filter Change Indicators let you know when it is time to replace your filters (sold separately)
- Just switch it on and leave it to automatically clean your air—24 hrs. a day; low noise

LIMITED WARRANTY

Without PureView Digital Display

With PureView Digital Display

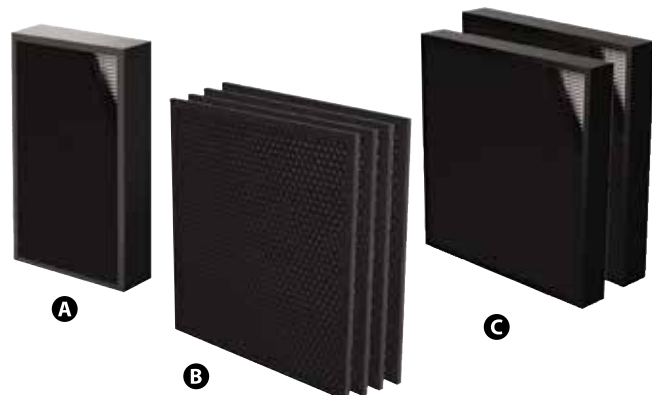

- Encased brushless DC motor(s); UL listed
  - Power requirements: 120V, 60Hz., 2A
  - Purifiers include a Pre, Carbon, and HEPA filter, except Pro II Purifier, which includes a 1 3/4" Hybrid filter (half activated carbon, half HEPA)
  - AM3PC and AM4PC purifiers have PureView digital display, so you can watch air-cleaning in real time
