SuperBond Laser Spine Labels

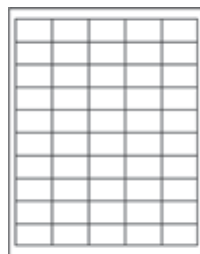

Permanent adhesion to smooth, embossed, or textured finishes

- Ultra high bonding adhesive secures permanently to book spines
 - Label stock can be applied after printing with no smearing
 - White paper labels die-cut on 8½" x 11" sheets
 - 25 sheets per package
- (0.80 lb.) **Same Day Shipping**

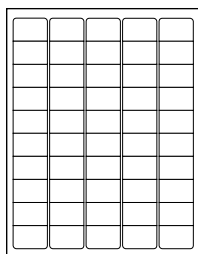

***Note:** Heavier label stock may not feed from the paper tray or successfully pass through the print path of all laser printers. Therefore, consult your printer manual for details on acceptable stock thicknesses. Manual feeding of label stock and use of alternate output bins may be required. We recommend manually feeding label stock when printing because it results in better feeding, fewer jams, and less curl.
